SUMMARY

AI & Data Science student who builds end-to-end. Holds a Government of India design patent and ships ML, backend, and product work with a long-term aim toward Machine Learning Engineer roles.

EDUCATION

B.Tech - Artificial Intelligence & Data Science

A.D. Patel Institute of Technology, CVM University | 2025 - 2029 (Expected)

SELECTED WORK

Spring-Loaded Piezoelectric Striker Device

- Government of India design patent (Class 13-01). Ambient energy-harvesting concept built into a physical exhibit.

Vertex - AI Career Intelligence

- Student-built platform for career roadmaps, salary/demand context, and an AI advisor grounded in learner progress.

DevMind AI

- Live AI developer toolkit for review, docs, complexity, and related workflows - designed and shipped end-to-end.

DevMind AI Agent

- Autonomous repo health agent submitted to Microsoft Agents League 2026 (Reasoning Agents track).

CA.OS / CA SaaS

- B2B SaaS in progress for Chartered Accountants in India - client workflows plus AI document assistance.

TrackBot 1

- SSIP-funded team AGV project; electrical/power systems and electronics integration on a 4-person research team.

AutoSeed Bot

- IoT agriculture prototype with sensor-based navigation and precision seed dispersion.

SKILLS

Python | FastAPI | Machine Learning fundamentals | SQL / PostgreSQL | React | Azure OpenAI / LLM tooling | Data analysis & visualization | Git | IoT prototyping

RECOGNITION

- Government of India Design Patent - Spring-Loaded Piezoelectric Generating Striker Device (Jul 2025)
- InAmigos Foundation - Top 5 Performer / Best Intern, Web Development Internship (SI85)
- Techfest AIKYAM - SPEC Innovation Award (National, Feb 2024)
- Chatkaro 2024 - 2nd Position, Model Presentation
- TCS Rural IT Quiz 2024 - National level
